

Working Together, Building Community

Saving for Success: Will help you build a better future!

You save \$75 for 24 months and **receive \$5,400 of free money** to use to achieve your dream of homeownership!

Through ongoing workshops and personal support, this program will help you:

- ✓ Save money for your down payment and closing costs
- ✓ Expand your money management skills
- ✓ Create long-term financial goals that you can reach

In Saving for Success, Allston Brighton CDC will match your \$75 per month savings at a three-to-one rate! At the end of the program you will have **\$7,200** to use toward your home purchase.

"You have to take this program! You attend workshops ranging from personal financial management to career and educational planning. The topics are knowledge that all of us should possess but may not have the resources or the time to investigate. Make the commitment to yourself and your family and it could change your life!"
-Gabriella Campozano, Saving for Success graduate
